Dear Sir,

I refer to the above application 09/923,311.

From my last teleconversation with your goodself and the examiner, I remember that this application has been allowed via examiner's amendment on 5 Dec 2007.

I checked PAIR and notice under transaction, the status is "verifying document".

I am wondering if you could be kind enough to see what is the issue with "verifying document" as it appears to be taking a long time (almost 8 months).

Appreciate your feedback at the earliest of your convenience.

Yours truly,

/Khai Kwan/
